

Requirements to declare travel expences

The declaration of travel expenses is solely for visitors of the National Mathematics Symposium 2019 *Perfect Patterns: the diversity of symmetry* who need to travel to Nijmegen.

The following requirements must be satisfied in order to apply for reimbursement of travel expences:

- 1.1 The intention to declare travel expenses must be noted by the declarant at the registration for the symposium. An indication of the travel expenses and the place of where the declarant comes from must also be specified at the registration.
- 1.2 The declarant must visit the symposium.
- 1.3 Only travel expenses using public transportation can be declared.
- 1.4 Within a month after the symposium the declarant should e-mail an overview of the travel expences to the commission. The submission can be send to:
nws2019+TravelDeclaration@desda.org
- 1.5 Each visitor can submit only one declaration and is limited to declare up to €50,- in total.

Apart from everything, the committee reserves the right to refuse reimbursement of travel expenses. The committee only reimburse complete applications.
